SOLUTIONS
FOR A HEALTHIER
TOMORROW

*Small details. A big difference.*

# CLEAN TODAY. PROTECT TOMORROW.

Smart cleaning solutions for safer endoscopy and longer lasting scopes.

## 2 IN 1 CLEANING SPONGE

**Cleans. Protects. Simple.**

- Effectively cleans the endoscope channels and exterior.
- Also acts as a tip protector during the cleaning process.
- Helps reduce the risk of damage to the distal tip – the number one repair for endoscopes (glass replacement can be costly).
- Dispose of the sponge when the scope is in the AER for a simple, safe workflow.

## CLEANING BRUSH KIT

**Effective channel cleaning.**

- Designed for effective cleaning of endoscope channels.
- Flexible and durable for reliable performance.
- Compatible with a range of endoscope models.
- Supports best practice reprocessing workflows.

## ENDOSCOPE TRANSPORT PAD

**Protect during transport.**

- Provides a clean, safe surface for endoscope transport.
- Helps protect the endoscope from damage during transit.
- Reduces the risk of cross-contamination.
- Lightweight, easy to use and disposable.
- Supports efficient workflow between departments.

**PROTECTS YOUR INVESTMENT**
Help reduce costly repairs.

**SUPPORTS EFFICIENT WORKFLOW**
Simple, practical solutions.

**DESIGNED FOR CLINICIANS**
Trusted in endoscopy.

**A MORE SUSTAINABLE CHOICE**
Thoughtful products for a healthier tomorrow.

**AUSTRALIAN OWNED**
Supporting Australian healthcare.

CLEANER ENDOSCOPES. SAFER PROCEDURES. BRIGHTER TOMORROWS.
